

CONSTRUCTION AND DEMOLITION WASTE RECYCLING PROGRAM

PART I: WASTE MANAGEMENT PLAN
(Complete and submit PART I prior to permit issuance)

SEC I: PROJECT INFORMATION

Project Address _____ Permit No. _____
Project Size (sf) _____ Project Value _____ Project Start Date _____ Project End Date _____
Project Description _____

SEC II: APPLICANT INFORMATION (this must be the person responsible for ensuring C&D waste recycling compliance)

Contact Name _____ Company Name _____
Applicant Type _____ Phone _____ Email _____
Mailing Address _____
Name of Person or Company that will be paying the C&D Waste Recycling Deposit _____

SEC III: DIVERSION PLAN (select one option)

- ☐ **OPTION 1:** Use the City's Franchised Waste Hauler, CR&R.
- A. Use of CR&R eliminates the need for onsite sorting of C&D waste by material type and delivery to multiple processing facilities.
 - B. Skip the material handling estimate worksheet below
 - C. Payment of C&D waste recycling deposit is required
 - D. Contact CR&R (877) 728-0446 to order bins and/or roll-off boxes
 - E. Request CR&R to process the load as C&D waste for recycling. Recyclable C&D debris hauled directly to the landfill by CR&R will result in non-compliance
 - F. Keep weight tickets and diversion report ("screen shot" log) from CR&R.
- ☐ **OPTION 2:** Self-haul to an approved recycling facility
- A. Complete the material handling estimate worksheet below
 - B. Payment of C&D waste recycling deposit is required
 - C. Use of this method requires careful tracking of all C&D waste generated by the project, and hauling all C&D waste to an approved recycling facility
 - D. Keep all receipts, weight tags, or invoices for all loads delivered to a recycling facility.
 - E. Documentation must state that waste received by recycling facility was considered "C&D" or recycled at 65%, and originated from Laguna Hills. If documentation designates C&D waste as trash, MSW, or green waste, the deposit will be forfeited.

MATERIAL HANDLING ESTIMATE WORKSHEET

Material Type	A Recycle/Reuse	B Trash/Disposal	C Total Waste	Certified Recycling Facility/Disposal Destination
Asphalt & Concrete				
Brick / Masonry / Tile				
Cabinets, Doors, Fixtures, Windows				
Cardboard & Paper Products				
Carpet & Padding/Foam				
Ceiling Tiles (acoustic)				
Dirt				
Drywall				
Landscape Debris				
Mixed C&D Debris				
Mixed Inerts				
Roofing Materials				
Scrap Metal				
Stucco				
Unpainted Wood & Pallets				
Garbage / Trash				
Other:				
TOTAL				

DIVERSION RATE: Total A ÷ Total C = x 100 = % (Required minimum diversion rate is 65%)

SEC IV: APPLICANT DECLARATION

I hereby certify that the information reported is complete and, that the tonnage diversion percentage estimates reported on this form are my best estimate of the disposition of the C&D materials generated at this project site, and that I shall dispose of the C&D waste as specified in the Waste Management Plan. I acknowledge that I shall submit a Compliance Report, including invoices, weight tickets and original receipts for all recycled and disposed material at the conclusion of the project after the final inspection; and that I have 60 days from the date of the permit final date to apply for a refund of the security deposit; otherwise, my security deposit will be forfeited.
