

City of Laguna Hills Monthly Newsletter

June 2025

Hello City of Laguna Hills,

Welcome to *The Roundup*, Laguna Hills' E-newsletter! We are looking forward to celebrating summer in Laguna Hills! Make sure to join the Community Services Team for the Summer Kickoff event, taking place June 13th at 5:30pm. There will be vendors, food trucks, and we will be playing *The Incredibles* at 7:30pm. Enjoy staying connected!

Warm regards,
Jarad Hildenbrand
City Manager

Street Sweeping

The City of Laguna Hills performs street sweeping on the 2nd and 4th weeks of the month, the day after trash pickup day. You can view the street sweeping map [here](#). Please assist the City of Laguna Hills in keeping debris from entering the storm drain and polluting our creeks, beaches, and ocean by moving your cars off of the street on street sweeping day. Thank you!

Major Planning Projects

For details on major planning projects in Laguna Hills, please visit our Planning

Division webpage at lagunahillsca.gov/174/Planning-Division. There, you can find comprehensive project descriptions, images, environmental documents, and additional information.

For further inquiries, you can contact the Planning Division directly at (949) 707-2600. Alternatively, feel free to reach out to the assigned case planner for specific project details.

MOSQUITO SEASON

Orange County Mosquito and Vector Control District
ocvector.org

LIFE CYCLE OF AN Aedes MOSQUITO

MAINTAIN YOUR DRAIN

It's crucial to keep your yard drain well-maintained if you want to avoid breeding *Aedes* mosquitoes in it. These mosquitoes are known for their ability to lay eggs in even the smallest water sources, and a clogged or neglected drain can easily become a breeding ground for them.

In addition to yard drains, other sources such as bird baths, flower pots and gutters should also be regularly cleaned and maintained.

MOSQUITOES IN ORANGE COUNTY

Are you tired of getting bitten by mosquitoes while enjoying a nice walk or relaxing on your porch with a cup of coffee? This mosquito is known as the ankle biter, also known as the *Aedes* mosquito. These black and white striped mosquitoes are known for biting during the daytime and can be found in every city in Orange County.

While the Orange County Mosquito and Vector Control District conducts wide area treatments, smaller sources of water around your patio, yard or indoor space can also attract mosquitoes. These insects only need a small amount of water to complete their life cycle, so it is important for every resident to take an active role in mosquito control.

RESOURCES

Orange County Mosquito and Vector Control District (OCMVCD) provides a range of resources to help residents take an active role in mosquito control.

One of the resources offered is the DIY page. This page provides step-by-step instructions on how to control mosquitoes in your yard. You can learn how to identify mosquito breeding sources, eliminate stagnant water and use insecticides safely and effectively. Visit ocvector.org for more information.

FIREWORKS

Every year thousands of burns and eye injuries are caused by fireworks. Following these simple tips can help you enjoy fireworks safely.

You can
anonymously
report illegal or
dangerous firework
use by calling
714-538-3501.

Orange County
Fire Authority

(714) 573-6200
ocfa.org

Recommended Safety Tips

- Obey local laws. Safe and Sane fireworks are only legal in the cities of **Anaheim, Buena Park, Costa Mesa, Fullerton, Garden Grove, Huntington Beach, Los Alamitos, Orange, Santa Ana, Stanton, Villa Park, and Westminster.**
- Buy only Safe and Sane fireworks that are State Fire Marshal approved.
- Light fireworks outdoors in a clear area and at a safe distance away from people, homes, vehicles, or flammable materials.
- Light one firework at a time and never relight a dud.
- Have a bucket of water and a hose nearby to soak fireworks before throwing them in a trash can.
- Never point or throw fireworks at another person.

Fireworks and Child Safety

- Fireworks should only be handled by adults.
- Sparklers can exceed temperatures up to 1,200 degrees Fahrenheit, which is hot enough to melt gold.
- Never let children pick up pieces of fireworks after a show as some may still be active.
- Parents are liable for any damages or injuries caused by their children using fireworks.

In Case of an Accident:

- Call 9-1-1 and run cool water over any burn.
- In case of an eye injury, do not rub, touch, or rinse the eye as this can cause more damage to the injury.

City-Sponsored Fourth of July Events:

- A city-sponsored fireworks display is a great alternative to lighting your own fireworks. To find a fireworks display near you, please visit our website at ocfa.org.
